

PACIFIC WILDCAT RESOURCES CORP.
advanced and strategic minerals and metals

TSX VENTURE EXCHANGE: TSXV-PAW

Application for Management Cease Trade Order

April 16 2014

News Release 2014-9

Vancouver, BC, Canada: Pacific Wildcat Resources Corp. (TSXV-PAW) ("PAW" or the "Corporation") wishes to announce PAW is making application to the TSXV Regulators for a temporary Management Cease Trading Order under National Policy 12-203 *Cease Trade Orders for Continuous Defaults* ("NP-12-203").

Pacific Wildcat Resources Corp (PAW) has undergone significant Management and Board changes since January 31, 2014 with resignations of President and CEO, Darren Townsend, Chairman and Director, Terrence Lyons and in April of this year CFO Terese Gieselman. It has taken the Corporation three months to locate suitable candidates to fill these positions.

PAW has identified that it is not in a position to timely file the 2013 Annual Financial Statements, primarily as a result of the resignations and the time required for auditors in Mozambique and Canada to complete the audit of the annual financial statements, such audit being required due to the mining operations conducted by PAW during the financial year ended December 31, 2013 on properties located in Kenya and Mozambique. PAW's board of directors and its management confirm that they are working expeditiously to meet their obligations relating to the filing of the 2013 Annual Financial Statements and the Corporation continues to expect to file the 2013 Annual Financial Statements on or about May 30, 2014.

The Corporation confirms that it will satisfy the provisions of the alternative information guidelines under NP-12-203 respecting Cease Trade Orders for Continuous Disclosure Defaults for so long as it remains in default as a result of the late filing of the 2013 Annual Financial Statements. During the period of default, PAW will issue bi-weekly default status reports in the form of further press releases, which will also be filed on SEDAR. The Corporation confirms that there are no insolvency proceedings against it as of this date. The Corporation also confirms that there is no other material information concerning the affairs of the Corporation that has not been generally disclosed to the market as of this date.

ON BEHALF OF THE BOARD OF DIRECTORS OF PACIFIC WILDCAT RESOURCES CORP.

"Don O'Sullivan", President & CEO

About Pacific Wildcat Resources Corp. – Pacific Wildcat is a TSX Venture Exchange listed Canadian mineral exploration company having the trading symbol "PAW". PAW owns 100% of Stirling Capital Ltd and Cortec Pty Ltd, two UK companies that between them own a 70% interest in Cortec Mining Kenya Limited, a Kenyan company which has the mining rights (please note Company's Press Release # 2013-17, on purported revocation of mining licences issued since January 2013 by Kenyan Government for a 60 day review period) to the Mrima Hill Niobium and Rare Earth Project in Kenya. In July 2013 the Company completed an updated independent Niobium Resource estimate for 47.8 million tonnes at 0.66% Nb₂O₅ (Indicated Classification) plus 94.4 million tonnes at 0.73 % Nb₂O₅ (Inferred Classification) at a 0.2% Nb₂O₅ cut-off. In July 2013 the Company completed an inaugural independent Total Rare Earth Resource estimate for 48.7 million tonnes at 4.44% TREO (Indicated Classification) plus 110.7 million tonnes at 3.61 % TREO (Inferred Classification) at a 1% TREO cut-off. For information about Pacific Wildcat

Resources Corp. and its development and exploration activities shareholders and other interested parties are invited to visit the company's website at www.pacificwildcat.com. More information on the foregoing mineral resource estimates is included in the Company's news release dated July 29, 2013, titled "High Grade and Large Tonnage Niobium and Rare Earth Resource for Mrima Hill" and in the Technical Report dated September 1, 2013, titled "NI 43-101 Technical Report for the Mrima Hill Niobium and Rare Earth Project, Kwale District, Kenya", which is filed on www.sedar.com and the Company's website. Mr. Benjamin C. Pollard, principal geologist of BMGS Perth Pty Ltd, a qualified person (as defined in NI 43-101) has reviewed and approved the technical information contained in this news release.

Investors are cautioned that trading in the securities of Pacific Wildcat Resources Corp. should be considered highly speculative. The TSX Venture Exchange has neither approved nor disapproved the contents of this press release. Neither TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this release. Cautionary note: This press release may contain forward looking statements on matters such as cash flow, capital expenditures, work programs, the estimation of mineral resources and the Company's plans with respect to the exploration and development of its projects and its investment plans regarding TSX Venture Exchange approval and the completion of financing activities. By their nature, forward looking statements involve risk and uncertainties because they relate to events and depend on factors that will or may occur in the future. Actual results may vary depending upon exploration activities, industry production, commodity demand and pricing, currency exchange rates, and a number of factors, including regulatory matters, metals prices and, but not limited to, general economic factors. There can be no assurance that the Company will be able to obtain all the permits that are required in order to commence mining operations at the Mrima Hill Project.
